# Create Separation

# Create Separation

# Over-Rotating Eyes

# Elongate The Neck

# Keep The Hands Loose

# Get Low & Talk

# Also ...

- Play with what is available.
- Remember if you change distance to the model, the depth of field and light changes !!!
- Have a friendly approach with the models.
- Remember to give them lots of breaks.
- When you see an angle you like then take time to develop the shot & make it better.
